**STURDY TASTE "Lovely Presentation" demo'92**

Uff, folks this is really lovely presentation! This demo of Austrian three-piece band is able to raise the dead from it's grave! It makes me to crush something, so fuckin' cool it is!! The demo includes 4 tracks of rapacious but still technical and brutal death/grind with a twisting heavy sound and the only comparishion which comes to my mind is PUNGENT STENCH though STURDY TASTE's vocalist is even sicker, he sings (???) if it would his last day. I really wonder why they still haven't any deal (but maybe I'm wrong?). Another plus of this incredibly "Lovely Presentation" is very clear sound and you can hear every instrument pretty good. On the whole it's 100% great demo. You won't be dissapointed if send them 10 DM or \$6 I guess. Michael Dietrich, Aribergstrasse 85, A-6751 Braz, AUSTRIA.

A small, dark, high-contrast photograph of the band members, appearing to be in a dark setting with some light reflecting off their clothing.
